What does our Using Words And Voice course cover?

Use Words and Voice to Increase Involvement

It's not enough to present a message: you need to engage your audience, and using the right words and voice is the most effective way to achieve this.

Use techniques such as anecdotes, examples, analogies and quotes to personalise your delivery. Vary your tone, pitch, pace and pauses to build emotion into your presentation and keep your audience involved.

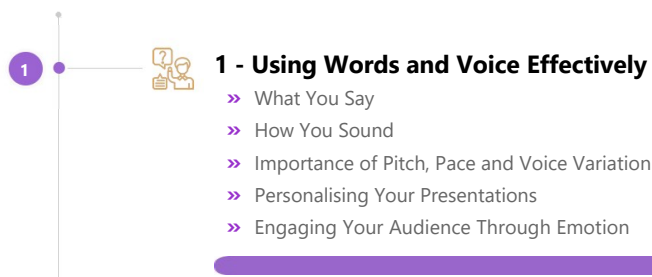

By using what we show you here, you will be able to achieve a level of engagement that you may not have thought possible before!

This Voice & Words skills training course, like all our courses, has been developed over many years of classroom and online delivery. Content has been thoroughly researched and is constantly updated so it's always leading edge. It's completely interactive and is full of practical knowledge and solutions.

Still wondering whether to do the course?

Just think about this: how much would you benefit if you had better voice & words skills?

More about the ZandaX Using Words And Voice Effectively course

Add Impact With What You Say - and How You Say It

Add professionalism and impact to your presentations with the right words and voice

We demonstrate the importance of pitch, pace and voice variation in keeping the attention of your audience. And the need for emotion - and maybe tension - in what you say so you boost involvement.

We also show you how to use stories, examples and anecdotes to create impact.

But of course you need to stay "on message", so we also stress the importance of relevance to your key messages.

And we cover how to practice your delivery to ensure it is both polished and personalized.

Watch the modules, revisit them time and again ... and have fun with improving your skills!

Learning format

The course is offered as follows:
